**The View  
From My Window**

WITH PASTOR JOEL

We're always looking for the keys to a better life: eat this, avoid that, relax, work out ... One of the staples of that conversation has always been to "get more sleep." While visiting with family recently I slept in for several days in a row. After the second night I felt tired *all day*. I'm not sure I'd be able to stay healthy if I had to get 8 hours of sleep every night.

I believe each of us is an individual & each of us needs to find out what is enough food, relaxation, exercise, & sleep *for me*. Only a fool would take this journey alone when the Master Potter has promised to give us wisdom if we will only ask.

We weren't just born, we were *created*. We were crafted with particular gifts & needs. Embrace your talents but don't ignore what is essential to keeping yourself fit. Then you will be able to bring great glory to the Potter.

- Pastor Joel
